

# The Tower of Babel

*Now the whole world had one language and a common speech. As men moved eastward, they found a plain in Shinar and settled there.*

*They said to each other, "Come, let's make bricks and bake them thoroughly." They used brick instead of stone, and tar instead of mortar. Then they said, "Come, let us build ourselves a city, with a tower that reaches to the heavens, so that we may make a name for ourselves and not be scattered over the face of the whole earth."*

*But the Lord came down to see the city and the tower that the men were building. The Lord said, "If as one people speaking the same language they have begun to do this, then nothing they plan to do will be impossible for them. Come, let us go down and confuse their language so they will not understand each other."*

*Genesis 11:1-7*

Have you ever felt small and insignificant, like everyone was looking at you through the wrong side of a telescope? I suspect we all have. It's hard not to envy the 'big people' who seem to have it all. Actually, there is no difference between the 'big people' and the 'little people', we all have a hole in our life that begs to be filled. Discovering how to fill the hole is the trick. Almost everything under the sun has been tried, only one thing has worked. How about you, is your hole filled, or are you running on empty? Only God, our creator, can fill that hole and give our lives significance and meaning.
