

Solomon's Wives

When the queen of Sheba heard about the fame of Solomon and his relation to the name of the Lord, she came to test him with hard questions. Arriving at Jerusalem with a very great caravan - with camels carrying spices, large quantities of gold, and precious stones - she came to Solomon and talked with him about all that she had on her mind. Solomon answered all her questions; nothing was too hard for the king to explain to her.

The voice of experience, often times we hear it, but rarely do we heed it. But how about this, would you listen to someone who had over 2,000 cummulative years of experience being married? Think about it, Solomon had 700 wives, and if he were married an average of 3 years to each one, that would be 2,100 years of experience. Of course these marriages weren't your traditional mom, pop, kids, family. Still, I would be interested to hear what he had to say on the husband wife relationship. Listen to these proverbs most likely written by Solomon. Sounds like the voice of experience to me.

"He who finds a wife finds what is good and receives favor from the Lord." Proverbs 18:22

"Better to live on a corner of the roof than with a quarrel some and ill-tempered wife." Proverbs 21:9
